RAILROAD WEEK OBSERVED IN CLUBS

This week is the second annual "Railroad Week" to be observed in all the states west of the Mississippi.

Monday morning the week was ushered in by the uniform blasts of the whistles of locomotives over all the states, wherever they may have been at the appointed hour.

Hamlin has three railroads and each of them participated in the efforts to emphasize the progress and importance of the roads in our economic affairs.

Tuesday the Lions program was featured by an interesting address from W. P. Hartman, Master Mechanic of the Santa Fe, from Slaton. He emphasized the advancements the roads are making in equipment and safety in travel and comfort.

On Wednesday, at the Rotary Club luncheon, the railroad speaker was J. S. Ballew, local agent of the Katy. His talk was typewritten and he turned his part of the program over to his daughter, Mrs. Heflin Miller, (better known as Evelyn Ballew, in Hamlin) of Decatur, Ala. She is one of the best readers in the South, and a teacher of long experience, in Speech Art. Her introductory was her own and very impressive, as a railroad man's daughter, whose father had spent perhaps over 30 years in the Katy service. Mrs. Miller read a five page, magnificent address on what the railroads mean, have meant and mean to that great area of the world, which "has its western boundary on the Pacific Ocean, extending from Canada to Mexico and the Gulf, and as far east as your opinion may take you."

To summarize, her paper, she spoke briefly on "Safety First, Economy, Air-Conditioning, Reliability, Speed and Safety, and Pick-Up-Delivery."

She spoke of the Seven Golden Rules for railroad men: "Make courtesy a habit, be friendly to all, tell your friends, keep posted on progress, keep informed on service, and make 'safety first' your own business."

Anybody's talk on American Railroads is bound to be a long but interesting one. The facts are that had railroads begun this kind of universal "education" years and years ago, the general public would have known more and valued this form of transportation more highly than they do now.

Gerald Morgan returned Saturday from a stay of several weeks in Marlin. He was accompanied home by his sister, Miss Nadine Morgan, who had been doing school work this summer in the Denton State Teachers College.

AGRICULTURAL NEWS OVER IN FISHER CO.

Harold Neves, Frank Maherry Jr., Tommy Stuart, J. C. Tomlin, and Vivian Bryan will represent Fisher County in the 4-H Livestock Judging at the Farmers' Short Course, College Station the last of this month.

These boys will judge eight classes of each of the following: Beef Cattle, Dairy Cattle, Hogs, Sheep and Horses.

The high five teams in the contest will be given an additional month's training and then brought together in another contest in September to determine which team will represent Texas at the International contest in Chicago.

Co. Agent, T. H. Roensch, urges that persons who expect to enter animals in the Jack and Stallion Show, to be held in Roby on Saturday, August 15, that they send in their entry blanks as early as possible.

This will be necessary so that the management can provide accommodations for the animals and avoid last minute rushes. August 8th is the dead line for entries.

For full information concerning the show contact owners of Jacks or Stallions in your community or T. H. Roensch, Fisher County Agent.

Due to the strong demand for a class of mules and Shetland Ponies the show will also include the following:

CLASS 16

Best Span of Mules
Second Best Span of Mules
Third Best Span of Mules.

CLASS 17

Best Shetland Pony
Second Best Shetland Pony
Third Best Shetland Pony
Ribbons and probably merchandise will be the premiums in classes 16 and 17.

T. H. ROENSCH, Co. Agent.

MEETING ANNOUNCED AT McCauley

Rev. Bernard of Oklahoma, will start a series of meetings at the Tabernacle in McCauley on Saturday, July 18.

This meeting is under the auspices of the Church of Christ and all persons are cordially invited to attend.

Mr. and Mrs. Martin McCain and daughter, Miss Mattie Jean, of Bryan, came last Saturday to visit their parents, Mr. and Mrs. D. O. Sauls. Mr. McCain was formerly cashier of the First National Bank of Hamlin, but now he is one of the State Bank Examiners. He and Mrs. McCain returned Wednesday and Martie Jean will extend her visit here and in Stamford.

POLITICAL TALKS HELD SWAY SAT.

Last Saturday afternoon as per announcement, Hon. Thomas L. Blanton spoke on our Central Avenue. His address was at 4:00 P. M.

Shortly after two P. M. another candidate for Congress, Judge Clyde Garrett, of Eastland, arrived in town to make an address. He did not know that Mr. Blanton was also to talk that afternoon. He began in time to close about the time Mr. Blanton arrived from Rotan.

Judge Garrett spoke in front of Inzer Pharmacy to a very attentive number of people, mostly farmers. Many had never heard him before and were anxious to see and hear him. Mr. Garrett is a plain business man, apparently much younger than Mr. Blanton. He has a pleasing address, and seemed to be free from personal mention except in cases where it became necessary. He introduced himself because no one had been asked to sponsor his talk here and to save time. In his remarks, he reminded Hamlin men that he had lived in Hamlin in the young years of this town. That he ate in a box car and slept in a white tent down by the tracks while he was a laborer on the tracks of the old Orient railroad. That he was a native of Eastland County, owned a little farm where oil was found and prospered by it and later the depression came on and to save any of his creditors from loss, he gave up his big nice home, moved back to the little farm and started to selling milk and butter, etc., and carrying his children to town to school each morning, and that he became county judge later, and occupied other places of trust. That he had the good will and esteem of the people of his county and expected the majority of them to support him in the race for congress.

We are saying the above as a report and out of justice to a public speaker, wanting to serve his country. Mr. Garrett has an appealing manner and whether or not he succeeds in replacing Mr. Blanton, he has widened his circle of friends in this district.

MR. BLANTON SPEAKS

Mr. Blanton was right on the dot of Four P. M. with his loud speaker and selected the front of the Bryant-Link store for his forum. Mr. Blanton was introduced by Mr. W. C. Russell, in a very appropriate and creditable manner.

Congressman Blanton is fresh from the long grinds of congressional work and going immediately into the race for re-election, and speaking hard and fast showed strain on his face and voice. He pitched into his speech in his usual vigorous manner and the large crowd present gave close and steady attention.

Making a congressional report to the people is a long and difficult job, and it is a bit hard for the layman to get the full meaning of the congressman's work. Mr. Blanton realized this and confined himself to things apparently most close to the Hamlin people. He stressed the value of long tenure of office to a district and state, showing for example that John Garner could never have been speaker had he not had seniority of service; that this and that and other men who had been given Chairmanships on committees had been thus honored mainly by having gained seniority. This was good argument for re-election. Mr. Blanton has had much service in the committee that has control of the District of Columbia and that means all of the city of Washington. He dealt at length on how he had managed in this work to save the nation millions of dollars.

One very noticeable feature of Mr. Blanton's talk was his freedom from personal attack, and there was present a milder tone towards those who differ with him. He mentioned the National security Act and said that the congress had done its part toward old people and it was up to the states to make the best of the federal offer. He said that if the people of Texas were not pleased to hold their state representatives and senators responsible. In all the Blanton speech was perhaps the most pleasing to Hamlin people than he has ever delivered here.

DEATH CLAIMS JACK JOHNSON

Most people of Hamlin did not know that Jack Johnson was even ill for nearly three months, and were shocked to learn that he had died at a hospital in Abilene Monday at 4:00 P. M. And indeed it was a shock to his many friends here, for he was a man admired by all who knew him.

Mr. Johnson had lived in Hamlin since 1921, coming here from San Saba. He had been a prominent farmer till retiring some years ago. He resided on 10th street. The deceased is survived by a wife and two daughters, Miss Viola Johnson of Hamlin, and Mrs. Lon Jones of O'Donnell, Texas. Three sisters and four brothers also survive, they are Mrs. U. D. Wilson of Holt, Mrs. Martin Quain of Bowser, Texas, and Mrs. Arthur Williams of Quamada, Texas, O. J. and C. L. Johnson of California, A. L. Johnson of Oplin, and E. J. Johnson of Bowser.

Those from out of Hamlin to attend the funeral of Mr. Johnson tend the funeral of etshetro-Zott were: Mrs. Rosa McCauley, and Mrs. Sadie Funderburk, sisters of Mrs. Johnson, of San Saba; E. J. Johnson and son of Bowser; Hershel Johnson and wife of Capps, and Arthur Williams and wife of Quamada, Texas.

Funeral services were held at the Church of Christ, Tuesday afternoon, conducted by Minister Woodie Holden.

Mr. Johnson was a citizen of the highest type, and a man who was liked by all who knew him. Mr. Johnson held a membership in the Modern Woodmen, and he was the first one to join the order in San Saba. At the time of his death he was 63 years, one month and 28 days of age. He was born in Louisiana, May 6, 1873.

The Barrow Company directed the funeral and interment was in East Cemetery, Hamlin.

Conductor and Mrs. J. B. Davenport and their son, Attorney John M. Davenport, of San Angelo, were up for a business and social visit in Hamlin Wednesday. They were accompanied by Mrs. J. J. Boseman and her daughter, Mrs. Brady Martin of Cleveland, Ohio. Mrs. Boseman formerly resided in Hamlin as did Mr. and Mrs. Davenport.

B. E. Clements is very ill at his home on Hope Avenue. His son, Martin Clements and family of Wichita Falls, and his daughter, Mrs. Howell and Ira Clements are at his bedside.

THE AUGUST CELEBRATION

McCauley is planning and working toward the big days celebration in August. There will be ball games, horse races, etc. George Darden is already training Run-B-Glory, a high bred horse which has arrived in McCauley; also advance tickets to races are now on sale in McCauley and a dime can be saved by buying now, on each ticket. Don't forget August 6, 7, and 8. Make your plans now to be in McCauley for her 30th birthday.

One cannot study while his mind is on a vacation.

NAZARENE CHURCH

The pastor's theme this Sunday morning will be, "The Supreme Test of Discipleship," and the evening message will be evangelistic.

Our Sunday School meets at 9:45 A. M. with the morning service at 11:00 A. M.

N. Y. P. S. meeting at 8:00 P. M. And the evening service at 8:30 P. M.
J. H. WHITAKER, Pastor.

Rev. J. H. Whitaker recently attended the 9th General Assembly of the Nazarene Church at Kansas City. The general assembly of this church is every four years. Rev. Whitaker says his church has made wonderful progress the past four years. The Kansas City meeting represented their world-wide organization, which is now but 29 years old, and counts a membership of 130,353 and have more than eight million dollars worth of property.

Mr. and Mrs. Tarlton Willingham are happy over the arrival of a fine eight pound girl, born to them on Thursday, July 9, 1936. Her name is Mary Margarette.

HAMLIN MISSION

NOTES—A REVIVAL OUR NEED

Hamlin's greatest need at this time is a God honored revival. I am not interested in a church membership campaign, but I am concerned about a spiritual awakening, that will awaken men and women, boys and girls, to a sense of their need of contacting a Savior that is able to save to the utmost, all that will come to Him by faith.

After this new life has been discovered, and experienced, then these redeemed can find them a church home to their own liking. The Hamlin Mission has never concerned itself about church membership, but to guide seeking souls in their quest of the Church Militant; then make their choice of a church home.

Any evangelistic church that is striving to guide lost men to the Savior is good enough for anyone. And on this worldwide plane, we urge first, that every minister, in and out of town to co-operate with us as far as you can. Second, to every Christian, regardless of church affiliation, come and do what you can. Third, to every unsaved person, Come Where the Waters Can Heal. We will not abuse nor insult, but will do our best to be a help to you. There is not an unsaved person anywhere, but deep down in their heart they want to do right. Don't let anything keep you from coming to these services. In this I have said all that I can say.

Rev. Morris C. Smith will be here July 17, and will have charge of the preaching services.

Mr. Ed Bailey will have charge of the song services.

Miss Cassie King, and Mrs. Joe McCrary will be the pianists.

Because of the Fort Worth tradition . . . or at least largely so . . . Billy Rose is director of what is acknowledged to be the largest enterprise devoted exclusively to entertainment in the world, the Fort Worth Frontier. Only three other towns in America could have secured his services. New Orleans, San Francisco and Chicago.

The Fort Worth enterprise did not spring full grown from the Rosean cerebellum. He has cudeled the idea for several years, even before his "Jumbo" was produced. Back further still in pre-Billy Rose Music Hall days he schemed. An amusement enterprise of huge proportions . . . the largest in the world to be truthful . . . in which several great attractions might be seen at moderate admission fees . . . such was the Rose vision.

When Fort Worth wanted to celebrate 100 years of history . . . leaving the historical part to other communities . . . by a "wild and Whoo-pee" party Rose, as the foremost of living American showmen, was offered the job. He accepted with alacrity. It wasn't entirely that the financial deal was to his liking, either. It was that Fort Worth was and is Fort Worth. "There are certain cities in the United States noted for their liberality while others have equal reputes for piety. In the latter class are such chaste communities as Los Angeles, Boston, Cincinnati and Dallas. Fort Worth, Reno, Chicago, New Orleans, Butte and San Francisco come in the other category. -SEEING WHAT'S TO SEE
-HEARING WHAT'S TO HEAR

DO YOU think a woman who marries a foreigner, a citizen of another country, should retain her citizenship in the United States? She has that right under a recent act.

DO YOU think any commercial firm, or individual, should be allowed to use the words "United States" as part of their firm name? Also do you think the word "Federal" should be used in a firm name? Is it not a fact that such

names would lead most people to think that the Government is in some way connected with the business?

DO YOU know how important it is to know something about those who make our laws and enforce our laws? Is it important to know just what your representative, or your senator in the Texas legislature proposes to do when he goes to Austin? If he means to do something, then what is it? If he does not propose to add more laws to our state, he must be O. K. or at least harmless. But before you ask, figure out just what YOU would like to see done, in new laws or repealing old laws. What is said about the State is applicable to the Congress.

DID YOU hear on the streets last Saturday that a legislator said he worked as long as 16 hours a day, time and again? Did you notice

certain fellows wink and snicker at that remark. A legislative member can work so hard and so long till his very life ceases and fills a hero's grave, but few folks back home ever realize it. If things go right they just happen so, if they go wrong then they blame the legislature or the congress.

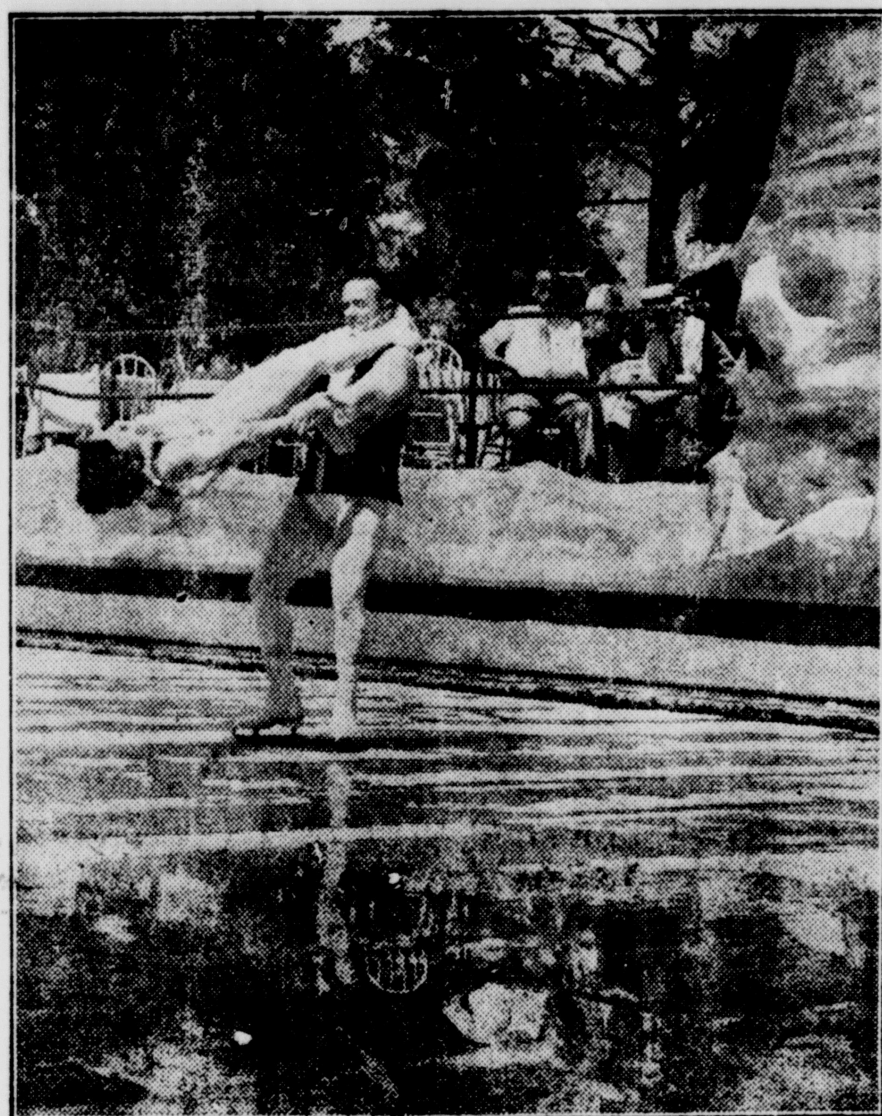

IF the Legislator COULD KNOW what the private citizen says, and what the individual man thinks about his work, what a difference. An office-holder who is diplomatic, tactful, thoughtful, glad to be fair and willing to grant credits where credits are due, tolerant, humble and willing to give as well as take—he is the man who rests easy in his official kingdom.

CORRECTION: Last week we commented on how Hamlin people observed the 4th. We stated that only one business place displayed a flag—really that was all we saw—and at the time of our special attention it was agreed "only one flag" was out. But even 4 eyes can fail too see sometimes. This week, Mrs. Ferguson, who operates Hamlin's beautiful picture house reminded us we failed to see her flag on the 4th. She declares she used a bright new flag that day for the first time. There you are—we just did not see it.

A GIFT

from the Indians

WE ARE indebted to the Indians for many things. One of the chief of these is corn. For hundreds, perhaps thousands of years before Columbus took the grains of corn which were to spread its cultivation all over the world, the Indians had cultivated and eaten this important food.

Just as we prize corn most highly, so did the Indians. Each year the six Indian tribes of the Iroquois family celebrated Green Corn Festival—four days of feast and thanksgiving to the Great Spirit who had given them corn.

To Show Our Gratitude

Housewives, today, carry on the festival, in a different way, however. Probably four days each week they serve corn in one way or another—roasting ears, corn puddings, corn salads, corn muffins, or in some other delightful form. Canners have varied the styles of canning corn in order to suit the tastes and convenience of housewives.

For example, when corn was first canned it was almost all "cream style"—the rich creamy mixture which is especially fine for making cream soups, soufflés, corn puddings and chowders. In recent years, however, in order to meet the demand for new ways to serve corn, the "whole kernel" corn became available in cans. This corn is picked at "roasting ear" stage and the entire kernel is cut off and remains separate when in the can. It is particularly suited for sautéing, corn cakes, scalloped dishes, for stuffing peppers, for fritters, or for use in making a dressing for fowl. In 1934 one-fifth of the total pack of white corn was in this style.

Miss Freida Chastain and her brother, Claude and wife, of Abilene, and Mr. Perry Sparks went to Dallas Sunday to see the Centennial.

YOU always hope your cake will be a good one—that goes without saying. But when you bake a birthday cake, it simply must be a miraculously light piece of perfection, to match the festive frosting and the gala candles. This is a birthday cake fit to crown the most joyous occasion:

Patty's Birthday Cake
2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ¼ teaspoon salt; 4 tablespoons butter or other shortening; 1 cup sugar; 2 egg whites, unbeaten; ¼ cup milk; ¼ teaspoon vanilla; ¼ teaspoon almond extract.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together well. Add egg whites, one at a time, beating very thoroughly after each. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add flavoring. Bake in two greased 8-inch layer pans in moderate oven (375° F.) 25 to 30 minutes. Frost with your favorite frosting and sprinkle with moist, sweetened coconut while frosting is soft.

Miss Ernestine Weatherford, cashier for West Texas Utilities Co., returned last week from a short vacation, including July 4. She visited with friends in Lamesa and made a trip to Carlsbad Caverns.

Mr. and Mrs. Will Routh and daughter, Miss Mogie Maxine, of Amarillo, came down Saturday to visit Mr. and Mrs. Tom Routh.

BUY the New Firestone STANDARD TIRE

and SAVE the Difference

HOW YOU SAVE MONEY—Firestone saves money by careful buying of high grade materials—manufacturing in large volume in the most efficient factories in the world—and delivering to you by the quickest and most economical distribution system. These savings are passed on to car owners.

FIRST LINE QUALITY—The new Firestone Standard Tire is a first quality tire, built of high grade materials, by skilled workmen, embodying Firestone patented construction features—used in no other tire.

THE FIRESTONE NAME AND GUARANTEE—Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.

GUM-DIPPED CORD BODY—Every cotton fibre in every cord in every ply is soaked in liquid rubber. This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road shocks, gives extra protection against punctures.

LONGER NON-SKID MILEAGE—The new scientifically designed non-skid tread is wider, flatter, with more and tougher rubber on the road, giving long even wear and thousands of extra miles.

A FIRST QUALITY TRUCK TIRE AT A PRICE THAT SAVES YOU MONEY

THE new Firestone Standard Truck and Bus Tire is built in volume production, resulting in big savings which are passed on to truck and bus owners. This new tire is first line quality, built of high grade materials, and is the most dependable tire obtainable at these low prices.

Whatever your trucking or transportation problems, the new Firestone Standard Truck and Bus Tire will give you long, trouble-free mileage, and will save you money.

Come in today and let us show you this new tire. To see it is to buy it—not just one tire, but a complete set.

CENTRAL AVENUE rides better this week after the various worn places have been daubed with a dose of tar and gravel. The ride is better and the wear is less on tires. Central Avenue was one of the first business streets to be paved in a small town in West Texas. Its paving is known as "Granitoid Paving" because the topping is of cement and granite chips. It has stood up remarkably well. But so far no way has been found to keep it clean. The side streets are unpaved and every vehicle coming in during muddy weather brings its quota. The only way perhaps is to have a "Human Sweeper and Shovel" 8 hours a day.

"Where The Old Gang Used to Meet"

(By LOU, a Member of the Old Gang)

One day I happened to wander, Along a familiar lane; Where we were gay and happy, But the old scene is not the same. Gone are the beautiful flowers, That we used to gather, Where the old gang used to meet, In every kind of weather.

The dear old house no longer stands, Where it stood many years ago, It's walls have all been moved away, In its place, weeds sprout and grow. The little stream no longer flows, Where the old gang waded, The birds no longer joyfully sing; The dark blue sky has faded.

As I gaze on this dear old scene, How different it all seems; Where the old gang used to meet, I'm living in shattered dreams, Still I love to recall the time, When we were merry and gay, Times that can no longer be, For the old gang has moved away.

Some are married and contented, In happy homes of their own, Where the old gang used to meet, Today, I'm here alone. Some are dead and in Heaven, Where we'll be happy by and by; There'll be a great reunion, When the old gang meets on high.

At a cost of \$67.69, for improvements for her bedroom, Mrs. F. W. Poe, bedroom demonstrator of the Neinda home demonstration club, scored highest among the bedroom demonstrators in Jones county.

Mrs. Poe's story of her work follows:

"When I was appointed as bedroom demonstrator of the Neinda home demonstration club, late in February, there was much to do as my bedroom was in bad shape. I chose a northwest room with two windows on the north, one on the west, and a door on the east. The house faces north.

"This room had beaded ceiling, and walls, and had been painted blue, but had darkened, and was no color at all. The first thing I did was to buy sheet rock and paper, and hired a man to put this on. I sandpapered, and varnished base boards, doors, door facings, windows and window facings, and refinished the floor.

"I had purchased a bedroom suite before I knew that I was to be bedroom demonstrator, so had that in my demonstration bedroom. I added a 50 pound mattress that I made myself, mattress cover, spring cover, four sheets, 3 pairs of pillow slips, mattress pad—oone candle-spread, one cotton blanket, one wool blanket, one light weight wool quilt, five quilt tops, 3 pairs of curtains, four pictures, a reading and study center, and a desk that I had purchased at a second hand store. I papered my clothes closet, and painted the shelves. I refinished a small rocking chair, and with a few shingle nails added a cowhide bottom to a cane bottomed chair. I had a good study chair, and varnished it and made a cushion, and so had a good chair.

"I added a rug to my room, too, and have new screen on my windows and doors. The paper for my room has cream background with pastel colors in it. The curtains are cream with green ruffles, and I have a cream spread, cream linen doilies for vanity and chest of drawers.

"As a result of my bedroom work, we have sheet rocked and papered four other rooms. The family assisted me in refinishing everything that they could, and we are all happy over the improvement of the whole house."

Mr. and Mrs. J. E. Moody and Miss Mary Beth returned Wednesday from Dallas where they spent several days in the Centennial. Miss Mary Beth had preceded her parents several days and had the Centennial well seen before they arrived. They are very proud of the Texas Centennial and say anyone who comes back criticizing certainly had not taken time to see it.

Rev. and Mrs. Henry Littleton left Monday for points in South Texas to spend 30 days on their first vacation in the past eleven years of service in Hamlin.

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF JULY 12:

1797—On July 17 the famous Texas filibuster, Philip Nolan, native of Ireland and citizen of the United States, obtained a passport to Texas. 1832—The Battle of Anahuac was fought on July 13. Imposition of the customs duty and other burdensome measures led to the conflict.

1842—The Battle of Honey Creek was fought July 17. This battle saved Texas from a Federal army.

1878—The State Democratic Convention met at Austin on July 17. —Texas State College for Women.

NEW KIND OF CIRCUS SAYS IT WITH GIRLS

"BRING ON THE WOMEN," ECHOES BRAINY BOWERS IN ROSE SPECTACLE

TOP—A Fair Deuce Who Serve as Bridesmaids in the Colorful "Wedding in the Air." CENTER, LEFT—A Comely Equestrienne. CENTER, RIGHT—A Maid of Honor. BOTTOM—Eight Well Turned Specimens of What Has Been Termed "Perfect Understandings."

When Billy Rose set out to produce a new kind of circus he did. Truly it may be said that "Jumbo" is the first upset to tradition in the pawdust ring in 100 years. As Rainy Bowers, the comic character in the big show observes with

scorn, "Women? Women in a coitus? Dames wid big muscles. No sex appeal. Sex appeal, dat's what dey want." And that's precisely what they get in "Jumbo" which is one of the main attractions at the Fort Worth Frontier.

LATEST HOUSEHOLD HINTS ILLUSTRATED

Timely pictures and articles for the thousands of women who are following the popular trend to electric servants

ADRIFT IN A TUB

WITH baby's bath as one of the "must" tasks of the day, an instant supply of hot water at the turn of the faucet is an absolute necessity in every home. The modern home in which the young sailor-nut pictured above is the juvenile boss insures a constant hot water supply with an automatic electric water heater. This electrical servant requires no attention after it is installed and supplies hot water for every need of the family, day or night. Instant hot water service encourages children to bathe and keep clean without extra effort for parents.

A LUSCIOUS BROILED DINNER

ISN'T the sight of this dinner "enough to make a man's tongue sweat?" There's nothing that goes over bigger with a man than a tasty broiled dinner. The foods in this meal are just "made" to make a hit: succulent lamb chops with kidneys, pineapple slices, and tomato shells stuffed with macaroni and cheese. You're sure to gain the flattery of "oh's" and "ah's" as the food appears on the table, and during its preparation, you will be spared the annoyance of smoke and odor if you use the smokeless broiler pan in the oven of your electric range. A hole in the center of the broiler cover catches the drippings. They can't get out, catch on fire, or smoke. They're there for good—your good!

George Wainscott and children returned this week from a visit with his father-in-law, at Elmott, Texas. They were accompanied home by Miss Evalyn Cantrell, for a visit.

SCIENCE POWERLESS AS THOUSANDS DIE

EAST CHICAGO, Ind.—Every year thousands of insects die at the Sinclair Fly Farm here in testing Sinclair P.D. Insect Spray. Real death tests are necessary because science has found no chemical

method of proving the kill-power of an insecticide. When you buy Sinclair P.D. Insect Spray you know before hand that it has real killing power. These Fly Farm tests prove that.

ALATHEAN CLASS

ENJOYS PICNIC

The Alathean class of the First Baptist Church enjoyed a delightful picnic supper at the City Lake Monday evening at seven o'clock. A number of interesting contests and games were directed by Mrs. Clint Ferrell. In a brief business session, with Mrs. Henry Albritton, class president, presiding, plans for the month's work were discussed and approved.

Those present were Mes. Ted Armstrong, Lowell Ball, G. P. Odom, Coy Fielder, Henry Albritton, Frank Campbell, Mac Ruppel, T. D. Rogers, A. G. Miller, Roy Hayes, Wesley Niedeken, Clint Ferrell, Bowen Pope and Dean.

The Federal Housing Administration reports a total of \$19,993.8 loaned in Jones County to date.

GEORGE BURY MARRIES

SAN ANTONIO GIRL

The friends of George Bury have been a little curious as to why he has been making so many recent trips to San Antonio. They thought perhaps he was getting ready to drill some oil wells in that part of the state, but last week when George returned home with a good looking young lady, whom he introduced as his wife, the mystery was solved.

Miss Myrtle Godwin, daughter of Mr. and Mrs. B. D. Godwin, of San Antonio, and George Bury, son of Mr. and Mrs. J. E. Bury, of Hamlin, were united in marriage in San Antonio on Tuesday, June the ninth.

Mr. and Mrs. Bury will make their home in Hamlin, where he is associated with his father, J. E. Bury, in the oil industry.

MRS. MCCAIN COMPLIMENTED WITH PARTY

Mrs. John T. Day was joined by her daughter, Mrs. Garland Tumlin and Mrs. J. W. Ezell when she entertained in her home on Central Avenue, Tuesday morning, complimenting Mrs. Martin McCain, of Bryan.

Garden flowers decorated rooms where games on contract furnished entertainment. At the conclusion of the play Mrs. Maurice Smith received the high score prize, a pair of shoes. The high cut prize, a bubble bowl went to Mrs. A. E. Pardue and the honoree, Mrs. McCain, was presented a Mexican pottery baking dish.

A sandwich plate with sherbert was passed to Mes. McCain, C. C. Prater, J. P. Morgan, H. L. McBride, A. E. Pardue, J. C. Culbertson, Joe Culbertson, Frank Waggoner, Bill Rountree, Weldon Griggs, Maurice Smith, R. B. Wiar, Tom Williams, F. B. Moore, D. D. Harden, John Ed Day, Frank Campbell, Henry Albritton, Art Carmichael, A. D. Ensey, Mrs. Sam Hardy, of McCaulley; Misses Annie Laurie Johnson, Nadine Morgan and Pauline Patterson, of Abilene.

MOTHER! Here are Facts!

To guide your purchase of a Refrigerator!

DON'T CHOOSE BLINDLY

FOR HEALTH—Your refrigerator *must* maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

FOR CONVENIENCE—Your refrigerator *must* be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

FOR ECONOMY—Your refrigerator *must* maintain the above performance at low over-all cost. Before you buy, be sure.

BUY

AN ELECTRIC REFRIGERATOR

• If you buy a refrigerator that cannot provide satisfactory, economical performance, *all the time*, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, *all the time . . . under all conditions.*

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully, and you will choose a modern electric refrigerator.

★ **MODERNIZE . . . CHOOSE AN ELECTRIC REFRIGERATOR** ★

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

Outward to the world goes your voice

Sidewalks end at the edge of town. Lawns give way to the open fields. But the telephone lines go on and on—gleaming threads of copper stretching out through the valleys and over the hills.

They carry your voice to the world.

This sweeping away of the old-time barriers of time and silence is one result of the staff work of American Telephone & Telegraph Co., the researches of Bell Laboratories, the skillful buying and manufacturing of Western Electric.

Without the developments and improvements these Bell System organizations have given the men and women who furnish telephone service here, your voice could hardly go as far, and as fast, for so little.

If you visit the Texas Centennial, Dallas, June 6 to Nov. 29, you are invited to see the Telephone Exhibit.

Miss Freida Chastain left Sunday for Dallas to visit her aunt, Mrs. F. L. Marshall, and also the Centennial while there.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
